---

The State Agency is translating and redesigning some of our more popular nutrition education/breastfeeding promotion pamphlets into Vietnamese. We will be printing these in limited numbers and would like to get an idea of quantities needed by the local agencies. These will be professionally printed, not black-white copies. **Please indicate the number of pamphlets in Vietnamese you would anticipate using in a 6 month period.** You will be shipped the amount indicated when printing is completed. Do not expect delivery for another 3 months or more.

Some of the WIC certification forms will also be translated into Vietnamese, but are not yet available. Please indicate if there are other specific pamphlets that you need in Vietnamese. If you have questions or require additional information, please contact, Ms. Mary Van Eck, Nutrition Education Coordinator, Bureau of Nutrition Services, at (512) 458-7111, extension 3484 or [mary.vaneck@tdh.state.tx.us](mailto:mary.vaneck@tdh.state.tx.us).
